

## Join the Virtual European Exchange Programme

It's time to embark on your digital journey across Europe!

Discover first-hand the profound diversity of European cultures, from West to East, by signing up for courses on our bespoke EUPeace **Virtual European Exchange Programme (VEEP) in our University Alliance EUPeace**. Take the opportunity to explore different teaching cultures, forms and styles, and watch your horizons expand from the comfort of your own home.

VEEP offers you, as a student at an EUPeace university, a unique opportunity to complete at other EU Peace partner universities, completely free of charge. After taking your course(s), you'll receive a transcript of records with grades and ECTS points. Through VEEP, you'll be able to virtually meet and work closely with peers from across Europe. Our courses – drawn from across the academic spectrum – grapple with the international and continental challenges of both today and tomorrow, with questions such as: How can we learn to live sustainably? How do we create and sustain societies that are peaceful, fair, free, and inclusive? How do our own cultural perspectives shape the approaches we take? ...And many more!
