

Project title:

Preventing and Addressing Violent Extremism through Community Resilience in the Balkans and MENA (PAVE)

Project duration:

01/02/2020 - 31/01/2023

Project description:

The EU research project PAVE (Preventing and Addressing Violent Extremism through Community Resilience in the Western Balkans and the MENA) aims to tackle the global issue of radicalisation by examining its root causes and driving factors. Based on a comparative assessment of local communities with features of vulnerability or resilience to violent extremism across seven case study countries, the 13 international partner institutions will develop concrete policy recommendations to inform citizens and stakeholders within and beyond the regions under study. The interdisciplinary research team will develop innovative training tools and guidelines to support agents of community resilience, including religious leaders, mayors, educators, civil society organisations, women and youth.

Project Coordinator for the University of Sarajevo:

Associate Professor Sead Turčalo

Project team:

Associate Professor Mirza Smajić
Associate Professor Jelena Brkić-Šmigoc
Senior Teaching Assistant Veldin Kadić
Research Assistant Muamer Hirkić

Project consortium:

1. Berghof Foundation (Germany)
2. Fondation Maison des Sciences de l'Homme (France)
